Private Pilot License

Apply Now For Admission ➤

First step in a aviation career.

A Private Pilot License Program in Delta, BC will allow you to fly almost anywhere, with passengers, in a Canadian-registered aircraft. Private Pilot License could be enhanced with additional ratings to allow the holder to fly sea planes or multi-engine aircraft as well as flight in any weather condition day or night. It acts as a foundation upon which such ratings can be added. Private Pilot License is required by all students enrolling in a Commercial Pilot License.

- Yearly Low salary: $119,000
- Yearly Median salary: $233,000
- Yearly High salary: $363,000

Training Overview of Private Pilot License Program

The Private Pilot License program is divided into a Ground school and Flight Training. Ground school will furnish you with the required background knowledge and understandings to successfully challenge the Transport Canada written examination, while the air instruction and solo practice will provide you with the skills required to succeed at the flight test.
