

Adelaide Fast Blast offers an on site concrete swimming pool blasting service.

Swimming Pools

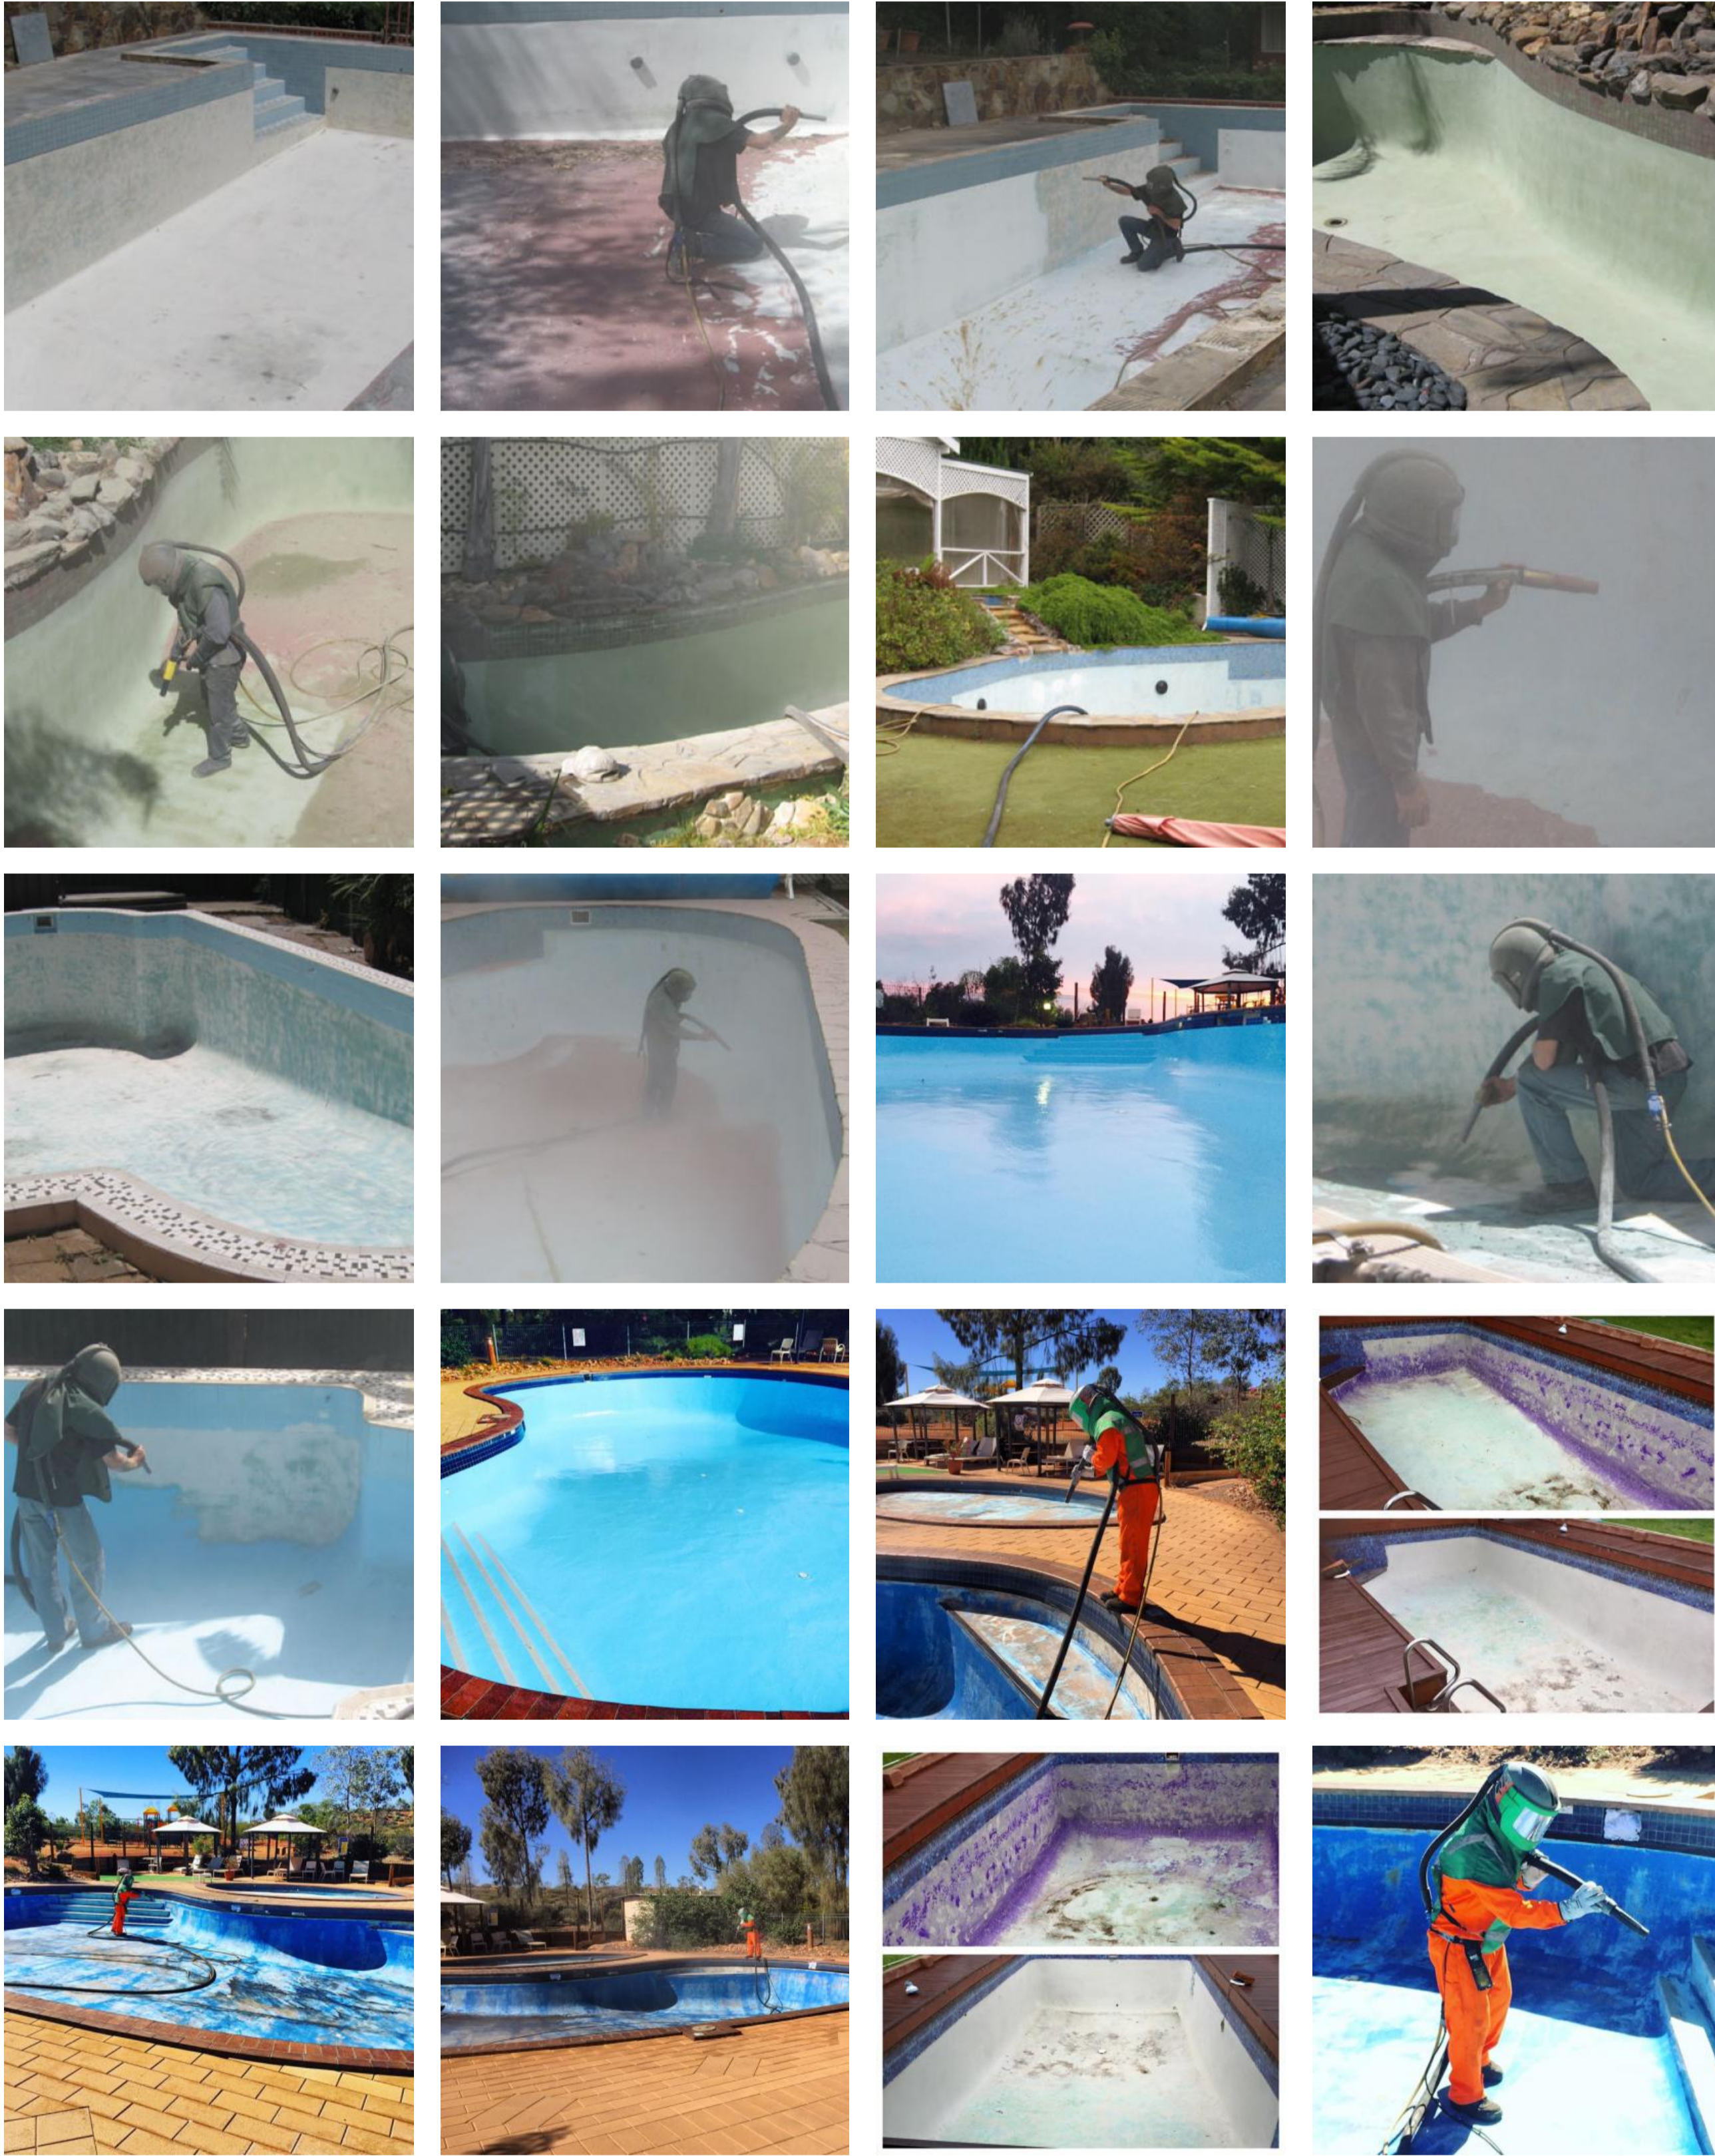

Adelaide Fast Blast offers an on site concrete swimming pool blasting service to remove old coatings and provides a good key for tile adhesives.

Sand blasting a cement swimming pool is the best way to make sure you remove all the old paint and contaminants before repainting or tiling. This process is highly important if you are dealing with multiple layers of old paint.

This service can also be utilised for other surfaces including exposed aggregate concrete and paving features. For the addition of non slip surfaces to concrete and/or paving walkways.

We pride ourselves on being punctual, neat courteous and safety conscious, therefore producing quality work for satisfied customers time after time. We will ensure that clean up will always meet your satisfaction.
